Proudly Supporting

Every donation will count.

Together, we can create an Energy Hardship Fund that will tackle fuel poverty this Winter.

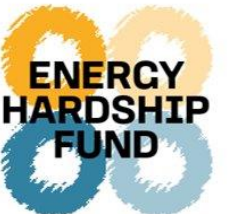

DONATE

Higher energy prices.

Cuts to Universal Credit.

To tackle fuel poverty this winter, we've set up the Energy Hardship Fund.

Together, we want to raise £1 million from social housing organisations and friends of the sector that we will distribute as fuel vouchers to social housing residents from December 2021.

We are proudly supporting the Energy Hardship Fund, created by HACT.

[#Fuelpoverty](#) is a longstanding issue in the sector, and projections suggest many more households could fall into fuel poverty this winter. We know this will lead to difficult choices between heating, eating and other essential everyday costs including rent.

This will be a huge collective effort, and we need your help to tackle fuel poverty this winter.

If you can support with a corporate donation email energy.hardship@hact.org.uk
